

Getting to Bellairs

A. From the Airport

1. To get to Bellairs from the airport either take a taxi (about \$40 Bds and split the cost if you share) or a bus (\$2 Bds). If the taxi driver does not know where Bellairs is, say it is located in between **Folkstone Park** and the **Coral Reef Club** on the north side of Holetown. These two landmarks are famous but with all the workshops during the past 15 years Bellairs is also becoming famous among taxi drivers. If you want to take a bus there are some direct busses but more interesting is to go to Bridgetown first and change to another bus (at another bus station).
2. **Bellairs Telephones:** area code (246), main office: 422-2087, dining hall: 422-2034. FAX: (246) 422-0692.

B. At Bellairs (consult the Bellairs Map on the next page)

1. When you arrive at Bellairs just go straight to the Dining Hall. There you will find either people or a message for you on the bulletin board or the blackboard telling you which is your room. Our rooms are in the two buildings shaded in dark grey called **East Wing** and **West Wing**. So the rooms are numbered with **E** or **W** accordingly. You will find a key to your room in your room which should be unlocked unless your room mate has already arrived in which case you should look for your room mate probably on the beach.
