Dr. Yaser Khamayseh
Associate Professor
Department of Computer Science
Faculty of Computer and Information Technology
Jordan University of Science and Technology
Jordan

Dear Yaser:

This is an informal invitation for you to visit my research laboratory here in the School of Computer Science at McGill University to engage in collaborative research during the 2018-2019 academic year. I will arrange for a formal invitation letter from the school's administration as a followup. As we discussed in our meeting, during the visit we could engage in researching edge-centric data processing algorithms that could be deployed in smart cities. Also, as we discussed, you will be supporting the visit through personal funds or grants obtained from your home country institutions.

I am looking forward to your visit. Please do not hesitate to contact me if you need any further information.

Sincerely,

Muthucumaru Maheswaran
Associate Professor
School of Computer Science and
Department of Electrical and Computer Engineering
