

Data Sheet

Computer prototype

* Required

1. **Subject ID ***

Loner

2. **Time elapsed to learn the application:**

2:20

3. **Number of unintentional actions:**

4

4. **Number of negative feelings expressed:**

2

5. **Observations:**

The user entered his email for username. Asked "where does the question go once you've typed it in?". Throughout the experiment the user noted similarities to mycourses and facebook messenger.

6. **Comments:**

After the experiment, the user indicated a design possible improvement- the addition of a file uploader in the discussion board. The user explained that when explaining a problem it's helpful to post screen shots.
