

Data Collection Sheet

User:

Video:

Prototype A: (Most information, colour, sound, sender, message text)

High importance

1. <low>
2. <low>
3. <low>
4. <high>
5. <low>
6. <high>
7. <high>

of times the user clicked on Slack application or notification:

During which of the phases 1-7 did user click on Slack application or notification:

Observations:

Low importance

1. <low>,
2. <low>,
3. <low>,
4. <high>,
5. <low>,
6. <high>,
7. <high>

of times the user clicked on Slack application or notification:

During which of the phases 1-7 did user click on Slack application or notification:

Observations:

Prototype B: (Medium information, colour, sender)

High importance

8. <low>,
9. <low>,
10. <low>,
11. <high>,
12. <low>,
13. <high>,
14. <high>

of times the user clicked on Slack application or notification:

During which of the phases 1-7 did user click on Slack application or notification:

Observations:

Low importance

8. <low>,
9. <low>,
10. <low>,
11. <high>,
12. <low>,
13. <high>,
14. <high>

of times the user clicked on Slack application or notification:

During which of the phases 1-7 did user click on Slack application or notification:

Observations:

Prototype C: (Least information, sound)

High importance

15. <low>,
16. <low>,
17. <low>,
18. <high>,
19. <low>,
20. <high>,
21. <high>

of times the user clicked on Slack application or notification:

During which of the phases 1-7 did user click on Slack application or notification:

Observations:

Low importance

15. <low>,
16. <low>,
17. <low>,
18. <high>,
19. <low>,
20. <high>,
21. <high>

of times the user clicked on Slack application or notification:

During which of the phases 1-7 did user click on Slack application or notification:

Observations:

Prototype D: (Least information, colour)

High importance

- 22. <low>,
- 23. <low>,
- 24. <low>,
- 25. <high>,
- 26. <low>,
- 27. <high>,
- 28. <high>

of times the user clicked on Slack application or notification:

During which of the phases 1-7 did user click on Slack application or notification:

Observations:

Low importance

- 22. <low>,
- 23. <low>,
- 24. <low>,
- 25. <high>,
- 26. <low>,
- 27. <high>,
- 28. <high>

of times the user clicked on Slack application or notification:

During which of the phases 1-7 did user click on Slack application or notification:

Observations:
