Chapter 7 Probabilistic bisimulation

Errata

May 7, 2014

1. Page 295, first paragraph below definition 7.2.1, first line: $P_l : S \times X \to [0,1]$
   Change X to S

2. Page 297, second paragraph, fourth line: aRb implies that $b \in R$
   Change R to A

3. Page 298, proof for proposition 7.2.6, first line: Suppose $sR^c t$
   Change R^c to R^{-1}

4. Page 298, proof for proposition 7.2.6, first line: Then for $X \subseteq X$
   Change second X to S

5. Page 299, proof for proposition 7.2.9, third line: $\prec(O) = \{y \in S \mid \exists x \in S, x \prec y\}$
   Change second S to O
